

# Disguising Mistakes with Goodbyes

Emery

Just take it back (I feel)  
they're only words (your hair)  
we hold the tethers (through my)  
we're here together (fingers)

we paint the night (every)  
only to find (silk stand)  
it's cracked and peeling (takes my)  
each face revealing (breath a-)  
what we don't say (-way)

let's take these lines and  
draw ourselves out of here  
this shipwreck  
from set-sail  
we'll map the stars  
tonight they help to find a way  
when all is said  
words can breathe more life than death

the inner sense that people share  
touching on secrets and letting down hair

over and over let's not forget last time  
I've kept the best parts and play them in my mind  
this is tomorrow so take it or leave it

empty diaries  
there's nothing to say  
and we'll take the right steps  
to keep these pages clean  
you want the answers  
i see them on your face  
you need to know this is where the promise breaks

i can give you my answer  
i can give you my answer  
i can give you my answer  
i can give you my answer

i know (i know)  
if you stay (if you stay)  
this will be (this will)  
ours to take (be ours to take)

inside i (i feel)  
am overwhelmed (so good)  
from holding back (i want)  
but know that this won't be forever (you for all my days, but tonight...)

i can't stay here  
you can't ask me  
just so you would know
