

## Obstacles

Emil Bulls

You scatter obstacles in my way to keep  
Me away from the things I love  
You're little sucker you are not god  
I think I hate you

Hey, do you want my girlfriend?  
Hey, like she was your girlfriend  
She's mine  
I fought for her  
I stood silent

Obstacles in my way they keep  
Me away from the things I love  
You goddamn sucker you are not god  
I'm on the verge of hating

You call me loser, call me freak  
I'm doing all the best I ever did in my life  
With these five guys I experienced  
Things. you dream of

Your obstacles, yeah, in my way can't keep  
Me away from the things I love  
I noticed this and felt like god  
A god that hates you

I'm doing the best I ever did  
Oh, what a pity the best things in life  
Aren't for free  
Oh, what a pity the best things in life  
I'm doing the best I ever did  
Oh, what a pity the best things in life  
Aren't for free  
Oh, what a pity the best things in life
