

## Adam & Eve

Emilia

When he touches you  
Heaven opens up  
It feels like magic  
and you don't want it to stop  
The need goes on and on forever  
Until he is gone

The one that you hold close  
you treat with great respect  
Give me all your love  
And I will give you so much back  
But trust can hurt so bad  
If you let me down

I thought that you and me  
that we were Adam and Eve  
Together as one, joined for ever  
I thought that you and me  
That we were Adam & Eve  
Felt that you were the one  
But I was wrong so wrong, so wrong

Like a loving friend  
He gave me life and joy  
That's why I opened up  
in body, mind and soul  
But with a lie he ruined all  
A lie called love

I thought that you and me  
that we were Adam and Eve  
Together as one, joined for ever  
I thought that you and me  
That we were Adam & Eve  
Felt that you were the one  
But I was wrong so wrong, so wrong

Take my hand, take my soul  
Take my whole life  
'cause I don't need it, no, no  
You might as well take it all  
Just take it all  
'cause I want it, no, no
