

# Let's Keep Dancing

Emilíana Torrini

Beautiful flower sky defined the lines  
And disassembled  
Your skin on mine  
Everything changes  
Lost in sequence of our fate  
Another reason you won't

You won't forget about me  
Tonight I will make you see  
You won't forget about me  
You won't forget about me  
Though I know I must set you free  
You won't forget about me

So let's keep dancing  
Dancing, dancing, dancing  
Let's keep dancing  
Dancing, dancing, dancing

Don't know if it's love  
Don't know what it is  
I must be a fool  
Forgive what you did  
Long time ago  
Put that aside  
Still I love you so

My lady blossom  
I won't ask you stay  
Just for tonight, let's fly away  
No right, no wrong  
Lose yourself in me  
Here's another reason you won't

You won't forget about me  
Tonight I will make you see  
You won't forget about me  
You won't forget about me  
Though I know I must set you free  
You won't forget about me

So let's keep dancing  
Dancing, dancing, dancing  
Let's keep dancing  
Dancing, dancing, dancing  
So let's keep dancing  
Dancing, dancing, dancing  
Let's keep dancing  
Dancing, dancing, dancing

Don't know if it's love  
Don't know what it is  
I must be a fool  
Forgive what you did  
Long time ago  
Put that aside  
Still I love you so
