

# Is It My Body

Emilie Autumn

What have I got  
that makes you want to love me?  
Is it my body?  
Or someone I might be?  
Or somethin' inside me?

You better tell me. Tell me!  
It's really up to you.  
Have you got the time to find out  
who I really am?

What does it take  
to get inside of your mind?  
Give me a break  
and take a chance for the very first time!

You better tell me. Tell me!  
It's really up to you.  
Have you got the time to find out  
who I really am?

What have I got  
that makes you want to love me?  
Now is it my body?  
Or someone I might be?  
Or somethin' inside me?

You better tell me. Tell me!  
It's really up to you.  
Have you got the time to find out  
who I really am?
