

# Misery Loves Company

Emilie Autumn

It's not the time  
It's not the place  
I'm just another pretty face  
So don't come any closer  
You're not the first  
You're not the last  
How many more?  
Don't even ask  
You're one more dead composer

Do I need you?  
Yes and no  
Do I want you?  
Maybe so  
You're getting warm  
You're getting warm  
You're getting warmer, oh, oh, oh  
Did you plan this all along  
Did you care if it was wrong  
Who's getting warmer now  
That I'm gone

Misery loves company  
And company loves more  
More loves everybody else  
But hell was others

Misery loves company  
And company loves more  
More loves everybody else  
But hell was others

I'm not for you  
You're not for me  
I'll kill you first  
You wait and see  
You devil undercover  
You're not a prince  
You're not a friend  
You're just a child  
And in the end  
You're one more selfish lover

Do I need you?  
Yes and no  
Do I want you?  
Maybe so  
You're getting warm  
You're getting warm  
You're getting warmer, oh, oh, oh  
Did you plan this all along  
Did you care if it was wrong  
Who's getting warmer now  
That I'm gone

Misery loves company  
And company loves more

More loves everybody else  
But hell was others

Misery loves company  
And company loves more  
More loves everybody else  
But hell was others

You're so easy to read  
But the book is boring me  
You're so easy to read  
But the book is boring  
You're so easy to read  
But the book is boring  
Boring, boring, boring, boring, boring  
Boring me

Pray for me if you want to  
Pray for me if you care  
Pray for me if your want to  
Pray for me if you dare  
Pray for me if you want to  
Pray for me if you care  
Pray for me if you want to  
Pray for me you fucker if you fucking dare

Misery loves company  
And company loves more  
More loves everybody else  
But hell was others

Misery loves company  
And company loves more  
More loves everybody else  
But hell was others

Misery loves company  
And company loves more  
More loves everybody else  
But hell was others

Misery loves company  
And company loves more  
More loves everybody else  
But hell was others
