

# Scavenger

Emilie Autumn

I am a Scavenger  
And I'll take what I need  
This isn't personal  
We've all got mouths to feed  
Supply and demand...  
Supply and demand...

I am a Scavenger  
A Resurrectionist  
Yes, I enjoy my work  
I'm a perfectionist  
Supply and demand...  
Supply and demand...

One man's trash is another's treasure  
One man's cash buys another's pleasure  
I'll rob from the cradle  
And I'll rob from the grave  
It's just human traffic  
And I'm just a slave  
To the medical community  
They gave me my start  
They pay by the part  
So I'll throw in the heart

I am a Scavenger  
A vulture, if you will  
And if the price is right  
I'm not averse to kill  
Supply and demand...  
Supply and demand...

I am a scavenger  
And as you decompose  
My time is running out  
And my excitement grows  
Supply and demand...  
Supply and demand...

But surely you understand  
It isn't your diamonds that I'm after  
But I'll take 'em  
Don't mind if I do  
They'll mean nothing to you  
It isn't your kisses that I'm here for  
But I'll take 'em  
Why should we waste them?  
Why shouldn't I taste them?

There's always one door that you forget to lock  
And I will be waiting...  
There's always one street that you know you shouldn't walk  
And I will be waiting...  
Your loved ones may sit upon your stone to prevent me  
But I will be waiting...  
I will be waiting...  
Anticipating...

I am a Scavenger...  
I am a Scavenger...  
I am a Scavenger...  
I am a Scavenger...  
I am a Scavenger...  
I am a Scavenger...

[simultaneously]

[Girl:]

I should be home by now...  
Someone will come for me...  
I should be home by now...

[Scavenger:]

Supply and demand...

[Girl:]

Someone will come for me...

[Scavenger:]

Supply and demand...

[Girl:]

Someone will come for me...

[Scavenger:]

Supply and demand...

Supply and demand...

Supply and demand...
