

Something More

Émilie Simon

I will be your eyes so you can see the morning light
The world around me
And the day will feel too tired I'd close my eyes
And keep you in my heart
I know there's something more

I will be your touch so you can feel once again
My hair and my skin
The day will feel too cold we'll stay at home
And keep each other warm

I know there's something more
I know there's something more

Tell me why do I see you everywhere
Every step I take you're there
Tell me why do I see you everywhere
Oh I can feel there's something more
There's something more

I will be your ear so you can hear the courts beloved
And the melodies
And the day might time will come we'll sing along
Because there's something more

I know there's something more
I know there's something more

Tell me why do I see you everywhere
Every step I take you're there
Tell me why do I see you everywhere
Oh I can feel there's something more
There's something more
