

Find Me A Man

Emily Ann Roberts

I'm gonna find me a man, yeah, a man tonight
The kinda man whose daddy raised him, raised him right
I know I'll know him when I see him 'cause he'll be the one
He'll listen when I talk and open up my door
A country gentleman is what I'm looking for
A real bold and hand-holding smoking son of a gun

I got my hair fixed
I got my lipstick on (Ooh-ooh)
I'm gonna turn up
An old Shania song (Ooh-ooh)
Yeah, it's time that I get treated like the lady that I am
Yeah, I feel like a woman
I'm gonna find me a man

I want the kinda love that's wild, wild and free
And when he leans in for a kiss my knees get weak
Knows how to keep the fire burning, if you know what I mean

I got my hair fixed
I got my lipstick on (Ooh-ooh)
I'm gonna turn up
An old Shania song (Ooh-ooh)
Yeah, it's time that I get treated like the lady that I am
Yeah, I feel like a woman
I'm gonna find me a man

I'm talking 'bout a strong man
Won't do me wrong man
It really ain't that hard of a choice
I want my own man
A talking grown man
Yeah, I've had enough of the boys

I got my hair fixed
I got my lipstick on
Feel like the woman
In a Shania song (Ooh-ooh)
Yeah, it's time that I get treated like the lady that I am
Yeah, I feel like a woman
I'm gonna find me a man (Ooh-ooh)
Find me a man (Ooh-ooh)
I'm gonna find me a man (Ooh-ooh, ooh-ooh)
I'm gonna find me a man
