

# How The Car's Running

Emily Ann Roberts

Pretty girl, you got a second?  
Just called to say I've been watching the weather  
And they say it's gonna rain  
How's the tread on your tires?  
Did you get enough sleep?  
And don't forget to grab a jacket  
'Cause it feels cold out there to me

It's okay to take it slow  
You'll get where you're going  
Just keep your eyes on the road  
If you start to lose your way  
Go ahead and pull on over  
And give yourself a break  
Just called to talk, no, I don't need nothing  
Thought I'd check to see how the car's running

Hey, one more thing before I let you go  
Your mama's sitting here asking  
When you think you're coming home  
We know there's big dreams you're chasing  
Out there by yourself  
But baby, don't forget we're here  
If you ever need any help

It's okay to take it slow  
You'll get where you're going  
Just keep your eyes on the road  
If you start to lose your way  
Go ahead and pull on over  
And give yourself a break  
Just called to talk, no, I don't need nothing  
Thought I'd check to see how the car's running

Sorry I kept you so long, be sure to fill up your tank  
And baby, let me know when you get there safe

It's okay to take it slow  
You'll get where you're going  
Keep your eyes on the road  
If you start to lose your way  
Go ahead and pull on over  
And give yourself a break  
Just called to talk, no, I don't need nothing  
Thought I'd check to see how the car's running
