Wild

Emily Ann Roberts

I'm a rope swing, I'm a cliff jump
I'm a barefoot kiss
Jumpin' barbed wire, startin' bonfires
Chasin' down the wind
I'm a gypsy, I'm a daisy
Growin' on the guardrail, side of the road
And you love me, so you know me
And you know...

I need to go wild
Like a honeysuckle climbin' a fence
Like rain on the cheeks of a little child (Oh)
I wanna go wild like the dust from an El Camino
Shakin' off rust, flyin' free down a country mile (Yeah)

I need to go wild
And you let me go wild

You're a tattoo, breakin' curfew
With a scarred-up heart
And a sweet side like a hay ride
Lookin' up at the stars
When you hold me
Boy, you never try to hold me back
And I love you 'cause you love me
You love me just like that

Wild, like a honeysuckle climbin' a fence
Like rain on the cheeks of a little child (Oh)
I wanna go wild like the dust from an El Camino
Shakin' off rust, flyin' free down a country mile (Yeah)

I need to go wild
And you let me go wild

Wild, like a honeysuckle climbin' a fence
Like rain on the cheeks of a little child
I need to go, I need to go
Wild like the dust from an El Camino
Shakin' off rust, flyin' free down a country mile, yeah

I need to go wild
And you let me go wild
Yeah, I need to go wild
And you let me go wild
