

Sister Goodbye

Emily Barker

I will be singing Peace in the Valley
As I bid you farewell
Sweet holy roller, company keeper
So many stories to tell

And oh didn't it rain
Precious memories falling down from the sky
'Til I see you again
Bye bye sister goodbye

I followed you down that gospel highway
Church to the smoky saloon
Oh my Rosetta, guitar-slinging woman
You got me singing the blues

And oh didn't it rain
Precious memories falling down from the sky
'Til I see you again
Bye bye sister goodbye

One last time I'll fix your hair
The way I used to do
And I won't let them forget
Oh I won't let them forget about you

Oh didn't it rain
Precious memories falling down from the sky
'Til I see you again
Bye bye sister goodbye
Bye bye sister goodbye
