

The Look In Your Eye

Emily Browning

The voice said to go
Will make impossibly tall to work
And I'm over it
And then was the gate
Locked tight
So I fashioned a key
I twisted it and underside

Let me in, let me in
You know I won't stop until I can't see
Let me in, let me in
The look in your eye that is punishing me

You know what I want
You know what I need
You're more desperate then I am

Let me in, let me in
You know I won't stop until I can't see
Let me in, let me in
The look in your eye that is punishing me

I won't stop
No, I won't stop
I won't stop
No, I won't stop
I won't stop
No, I won't stop
I won't stop
No, I won't stop

Let me in, let me in
You know I won't stop until I can't see
Let me in, let me in
The look in your eye that is punishing me
Let me in, let me in
You know I won't stop until I can't see
Let me in, let me in
The look in your eye that is punishing me
