

# Terrified

Emily Burns

Every day I wake up in the seam  
Somewhere in the middle between  
Screamin' out in ecstasy  
I'm breakin' down in misery  
And even though I'm tryin' my best  
I'm a little out of my depth  
Freak out at the smallest things  
Scared of fuckin' everything

And they say that I  
Should enjoy the ride  
But I'm terrified

When I gotta be honest, be honest  
I'm terrified  
Don't know if I've ever, I've never  
Been up this high  
And I'm tryin', but I'm lyin'  
When I say I'm fine  
I'm puttin' my hands up, like, "Oh fuck,  
I'm terrified"

Terrified  
I'm terrified

Now I'm even scared of my bed  
Don't wanna be alone with my head  
Dreamin' up a tragedy  
Solo time is bad for me  
So I end up gettin' all drunk  
Till I don't even know what I've done  
Pour me up another, please  
Poison my anxieties

And they say that I  
Should enjoy the ride  
But I'm terrified

When I gotta be honest, be honest  
I'm terrified  
Don't know if I've ever, I've never  
Been up this high  
And I'm tryin', but I'm lyin'  
When I say I'm fine  
I'm puttin' my hands up, like, "Oh fuck,  
I'm terrified"

Terrified  
I'm terrified  
I'm puttin' my hands up, like, "Oh fuck,  
I'm terrified"

And they say that I  
Should enjoy the ride  
Lisin' my mind  
And I don't know why, I  
But I'm terrified

When I gotta be honest, be honest  
I'm terrified  
Don't know if I've ever, I've never  
Been up this high  
And I'm tryin', but I'm lyin'  
When I say I'm fine  
I'm puttin' my hands up, like, "Oh fuck,  
I'm terrified"

Terrified  
I'm terrified  
I'm puttin' my hands up, like, "Oh fuck,  
I'm terrified"
