

First Time

Emily King

And there's a sound
There is a voice
A gentle call so clear
It is the warmth within my winter
It is the flame within my heart
Just as a dream that will remain
Softly as you came
Light in the dark
Ever to find you in the night
When I close my eyes
Like the first time

And there's a touch
There is a feel
A gentle hand so close
It is an answer to my calling
It is a long awaited spark
Ever to lay in your embrace
Remembering your way
Light in the dark
Ever to find you in the night
When I close my eyes
Like the first time
