

## Off Center

Emily King

Little flower of summer  
Once your seasons pass  
Do you ever wonder  
Why your petals fall so fast?

Little hope in my heart  
Have I let you down?  
Once I looked towards the stars  
Now my gaze falls to the ground

Show me how to live  
Tell me I'll be fine  
Before the night is over

Cause I'm all alone  
Center of my heart  
Is there a way back to you  
Or have I gone too far?

You're aiming too high, you want it too much  
You're aiming too high, you want it too much  
(I wanted it bad, so bad)  
You're aiming too high, you want it too much  
You're aiming too high, you want it too much  
(I won't let it go)  
You're aiming too high, you want it too much  
(I wanted it bad, so bad)  
You're aiming too high, you want it too much  
(Ooh, would you let it go?)  
You're aiming too high, you want it too much  
(Ooh, would you let it go?)  
You're aiming too high, you want it too much  
You're aiming too high, you want it too much
