

# Death By A Picture On A Phone

Emily Kinney

I didn't know what to say  
Didn't know what to do  
When I saw a picture of Katy B. kissin' you  
Basically my face went numb  
Can't get any work here done  
Forget about sleepin,' forget about eatin'  
Forget as I try  
I cry and I cry  
I really might die all alone  
From a picture on a phone

Should I make a will?  
Notify my family and friends  
You put the nail in the coffin  
And this just might be the end  
Make a toast to my heart  
It's taken quite a beating  
But it's in a better place now  
Without the breaking and the leaving  
Oh it's not quite how I imagined I would go  
From a picture on a phone

I asked if you could take it down  
But you like watching me drown  
I'm out here swimmin'  
Do you mind lending me a branch?  
Yeah I'm in the deep end  
Nothing is movin'  
Could you reconsider this tiny gesture?  
Give me a fighting chance!

Should I make a will?  
Notify my family and friends  
You put the nail in the coffin  
And this just might be the end  
Make a toast to my heart  
It's taken quite a beating  
But it's in a better place now  
Without the breaking and the leaving  
Oh it's not quite how I imagined I would go  
From a picture on a phone

I'm sure you'll revel at your name in my poems  
Just a feather in your cap to keep you going  
Cause love has given you wings  
But it's knocked the wind right out of me  
I'm lying in the dark, broken hearted  
Why can't you ever just finish what you started?  
Yeah, next time don't halfway it!  
Intercourse fully naked!  
Post it for the world and all our friends and me to see  
Stab me three more times and then just leave me here to bleed  
Oh it's not quite how I imagined I would go  
From a picture on a phone

Should I make a will?  
Notify my family and friends

You put the nail in the coffin  
And this just might be the end  
Make a toast to my heart  
It's taken quite a beating  
But it's in a better place now  
Without the breaking and the leaving  
Oh it's not quite how I imagined I would go  
From a picture on a phone
