

# All the Way Up

Emily Osment

I like to bite my nails and play the air guitar  
I like to keep my suitcase packed 'cause I'm going far  
I think you're nice, but I don't wanna waste my time  
I may seem crazy, but don't worry, I'm just fine

All the way up, all the way down  
Never look back, it's time to break out  
Want it my way, I do what I do  
I know what I like, and baby it's you

Let's rock, it's a temporary life  
It's a ride that takes you  
All the way up, all the way down  
Never look back, it's time to break out

I like to go out walking in the pouring rain  
I want my rock 'n' roll to make the windows shake  
I wait 'til 3 A.M. to call everyone I know  
I'm gonna bring the noise, I'm ready, here we go

All the way up, all the way down  
Never look back, it's time to break out  
Want it my way, I do what I do  
I know what I like, and baby it's you

Let's rock, it's a temporary life  
It's a ride that takes you  
All the way up, all the way down  
Never look back, it's time to break out

It's my life, and it's a riot  
Come on, baby, you can't deny it  
Don't deny it

All the way up, all the way down  
Holding my breath, letting it out  
Want it my way, I do what I do  
I know what I like, baby

All the way up, all the way down  
Never look back, it's time to break out  
Want it my way, I do what I do  
I know what I like, and baby it's you

Let's rock, it's a temporary life  
It's a ride that takes you  
All the way up, all the way down  
Never look back, it's time to break out

It's time to break out  
It's time to break out  
Right now
