

Hush

Emily Osment

You say that you're never gonna leave me
Well two times that ya tell me that ya need me
Well this line is mine, just think about it
You don't know
You don't know
You don't know

Don't say you'll never find somebody like me
Well keep quiet baby, I don't wanna to hear you speak
The words you say, they don't mean a thing
You don't know
You don't know
You don't know

Hush now baby don't say a word
You better give it up or you're gonna get hurt
Hush now baby don't say a word
You better give it up or you're gonna get hurt

You think I don't know
That you don't mean it,
That you don't mean it.
And you don't think it shows
That I still need it,
That I still need it.
You think I won't go
If you don't feel it,
If you don't feel it.
We fall in, fall out, follow
Hush, hush, hush don't say a word

Hey you say I'm only hearing what I want to
But you don't wanna hear a word if how I need you
And I know we both don't hear a thing
You don't know
You don't know
You don't know

So don't say I need to learn to listen to you better
You'll pull it away from me for ever
I just can't get my head around it
You don't know
You don't know
You don't know

Hush now baby don't say a word (Hush now baby don't say a word)
You better give it up or you're gonna get hurt (You better give it up or you
're gonna get hurt)
Hush now baby don't say a word (Hush now baby don't say a word)
You better give it up or you're gonna get hurt (You better give it up or you
're gonna get hurt)

You think I don't know
That you don't mean it,
That you don't mean it.
And you don't think it shows
That I still need it,

That I still need it.
And you think that I won't go
If you don't feel it,
If you don't feel it.
We fall in, fall out, follow
Hush, hush, hush don't say a word (say a word, say a word, say a word, say a word, say a word)

I know we can't make life make you again
Well I know you wanna back track and start again
I think you know I'm worth fighting for
I think we should hush, don't say a word

I know we can't make life make you again
I know you wanna back track and start again
But I know you think that I'm worth fighting for
I think we should hush, don't say a word

Hush now baby don't say a word
You better give it up or you're gonna get hurt
Hush now baby don't say a word
You better give it up or you're gonna get hurt

You think I don't know
That you don't mean it,
That you don't mean it
And you don't think it shows
That I still need it,
That I still need it
You think that I won't go
If you don't feel it,
If you don't feel it
We fall in, fall out, follow
Hush, hush, hush don't say a word

Change my mind
I thought we were fine
This is goodbye
Just one more try

And change my mind
I thought we were fine
This is goodbye
One more try
Hush, hush don't say a word
