

# Thinking About You

Emily Osment

In the back of your car  
In the pourin rain  
You told me somethin  
You never told anyone  
Saw the look on your face  
When I turned away  
I wanted so bad  
For everything to stay the same  
I never meant to push you away  
And I'm tryin to put the pieces back together now

Im thinking about you  
Thinkin about me  
Thinkin about everything you wanted this to be  
And all the tears I cried  
Dont help the pain inside  
Now youre gone  
And its all I can do  
Just think about you

And the thing that we had  
Didnt have a name  
But it is somewhere between a friendship and a flame  
And I tried to forget  
Tried to play it cool  
Im stayin busy  
Im trying not to dream of you  
I didnt know you felt this way  
And I'm tryin to find a way to make us  
Better now

Im thinking about you  
Thinkin about me  
Thinkin about everything you wanted this to be  
And all the tears I cried  
Dont help the pain inside  
Now you're gone  
And its all I can do  
Just think about you  
Think about you

In the back of your car  
In the pourin rain  
You told me something  
You never told anyone

Thinking about you  
Thinkin about me  
Thinkin about everything you wanted this to be  
And all the tears I cried  
Dont help the pain inside  
Now youre gone  
And its all I can do  
Just think about you

Think about you (3x)
