

## Does that make sense to you

Emily's Army

Does that make sense to you?  
Another broken heart in two  
All of the people in this world  
Besides you

We're at the top of the world today  
Nothing standing in our way  
But again you comes tomorrow

Another day just filled with sorrow  
Come and look at me  
As i drown off in my sea

Does that make sense to you?  
Another broken heart in two  
All of the people in this world  
Besides you

Fix the top upon my T-shirt  
With me off before I get her  
Know I tear today

Where I'll go to anyway  
Come and look at me  
Before I drift off to the sea

Does that make sense to you?  
Another broken heart in two  
All of the people in this world  
Besides you

Does that make sense to you?  
Another broken heart in two  
All of the people in this world  
Besides you
