

Regan Macneil

Emily's Army

It's raining today
Not sure if I can see the sky
Happy with myself
Told your thoughts above the line

I look at the highway
As you change your state of mind
Am I going crazy
Did you just thought that I can't find?
As I fall behind

So don't tell me you're a Regan Macneil
Stay the same way
Don't let that demon into you
As I fall for you

It's sunny today
All of these things that I can do
Now that I've found my way
I'm going to take you with me too
As I fall for you

So don't tell me you're a Regan Macneil
Stay the same way
Don't let that demon into you
I'll just listen to you
