

The Gutter

Emily's Army

He is a boy whos lifes the same thing everyday
but then one day his punctual life had gone astray

Don't fall into that gutter
take away your ball and chain
the thought just makes me shutter
of you sippin that blood and pain
don't fall into that gutter gutter again

Its so amusing how slow time comes to pass
but then how once its gone it never seems to last

Don't fall into that gutter
take away your ball and chain
the thought just makes me shutter
of you sippin that blood and pain
don't fall into that gutter gutter again

Don't fall into that gutter
take away your ball and chain
the thought just makes me shutter
of you sippin that blood and pain
don't fall into that gutter gutter again
