

# Head On

Emily West

In my mind I'm leaving this town  
Headed out to find me something  
Sooner or later gonna get my wish  
Give away my love for nothing

Oh how could it be wrong  
To let yourself get so afraid of this  
You can't go on and on  
Sittin' on your heels

Take it head on  
Even if you lose  
Head on  
Gotta follow through  
So tell me what it's worth  
Tell me what it's all worth to you

Which way to the higher ground  
Is it somewhere else than where I'm standing  
Sooner or later it'll find me out  
Give away what I'm not willing

Oh silence is a sign  
That you've got pieces that you hide away  
Even if it's right  
Doesn't mean it's safe

Take it head on  
Even if you lose  
Head on  
Gotta follow through  
So tell me what it's worth  
Tell me what it's all worth to you

Don't turn back  
Don't turn back now  
Ohhhhh

Take it head on  
Even if you lose  
Head on  
Yeah you gotta follow through  
Head on  
Oh even if you lose  
Tell me what it's worth  
Tell me what it's all worth to you
