

Marshall Powers

Eminem

In my head it's like I got two fuckin' beats goin' at once (Woo)

Like two chicks in a tug-of-war tryna compete for my love
I tell 'em, "Stop bein' jealous, I love you each just as much"
Until one of them tells me that I'ma never be what I was
Other one just called me a bitch and said I'm not evil no more
Like, I don't see what they're doin', they're tryna get me to k
ill 'em

B-B-B-Beefin' with them is probably the least of my worries
Got people screamin' I suck, you think the old me is better?
Shit, I take that bleach blonde, wannabe 2Pac, little fake wigg
er, fuckin'

Douchebag and strangle him up with his durag for thinkin' he's
tough

But havin' him taped up with duct, his two hands and ankles and
fucked

Through his pants and raped in the butt with broom handles ain'
t good enough

Who has the painkillers? 'Cause as soon as I dangle them, stuff
A few down his trachea, sucks, it's too bad it came to this, bu
t

The motherfuckin' handkerchief, and them stupid ass fingerless
gloves

When I was him, I couldn't stand him, I've always hated his gut
s

Fuckin' bitch

Ayo, Dre, this does sound like some vintage shit though

Fuck it

Let's make 'em harken back to the days when all that mattered
Was Dre and Marshall Mathers, no breaks to slaughter gas
Because they are talkin' crap like we're ancient artifacts
But the fact that you suck and all of you ain't shit are the fa
cts

But this ain't retarded rap, so your brain don't know how to ac
t

What's good for you's bad for you, like what cures AIDS causes
cancer

Now scream loud as you can (Ah), shorty, wow, you look bad, ama
zing

A human labyrinth, slow down just a tad

But it's too bananas, this club is too damn rowdy, you can't

It's 2 AM, how do you stand after the lucid absinthe?, a bag

Of cool ranch and Mountain Dew cans, I'm actually proud of you,
man

This is place is— place is too amped like food stamps that's ou
t of my hands

'Cause I don't hold food stamps any more, place is too amped
Shout to the stans
Rest of y'all, eat a dick, you say nothin', jumps out at you
How 'bout if I jump out the speaker and beat the fuck out of yo
u then?
