

# Temporary

Eminem

A lot of people ask me  
Am I afraid of death?  
The truth is, I think what scares me the most  
Is not being able to say all the things I wanna say to you when I'm no longer here  
So this song is for Hailie, for when that day comes  
Where's Hailie? Where's she at?  
This ain't Hailie  
Who is it?  
It's a monster (Ahh)

I've been waiting all night for the sunrise  
To take away the dark sky  
You're the dad monster and them are the baby monsters and I'm the mom monster (Oh)  
All it takes is a new day sometimes  
To get me in a better state of mind  
Give me a kiss, monster, give me a kiss  
Love you (I love you)

If I could just fall asleep  
I'd be lost in a dream  
But right now, it's misery  
And I just have to remember

That when a heart breaks, it ain't broken forever  
The pieces will grow back together  
And in time, I'll be fine  
The tears are temporary

Yeah, so Hailie Jade, I wrote you this song  
To help you cope with life now that I'm gone  
How should I start? Just wanna say  
Look after Alaina, Stevie, and Uncle Nate  
And, sweetie, be strong, I know I was your rock  
And I still am, saying goodbye is just not  
Ever easy, but why you crying? Just stop  
Hailie, baby, dry your eye, this is not  
Forever

That when a heart breaks, it ain't broken forever  
The pieces will grow back together  
And in time, I'll be fine  
The tears are temporary

Daddy (Ooh)  
What? (Ooh)  
When, I used to have this when I was a little kid (Ooh)  
Baby, are you okay? (Ooh)

Yeah, and you will get over me and move on  
You can play me on repeat on a song  
But don't you dare shed a tear, what'd I tell you?  
"Straighten up, little soldier," them times when I held you  
Jade, it'll be okay, baby, I'm here, hey  
I'm watching you right now, baby girl, I vow  
I will protect you, your guardian angel

As hard as this may feel, us parting is painful  
And, darling, the rain will, drive you insane, still  
You will remain strong, Hailie, just hang on  
It won't be too long, I need you to move on  
And remember, it will get better  
'Cause time heals and when a

When a heart breaks, it ain't broken forever  
The pieces will grow back together  
And in time, I'll be fine  
The tears are temporary  
The bad days will start to get better  
Then we'll be laughin' together  
And tonight, when I cry  
The tears are temporary

I know this big girl (Ooh)  
And she's really pretty (Ooh)  
You know what her name is?  
Hailie (Ooh)  
Hailie, how did you know? (Ooh)

Yeah, and if there's days where you wanna just lock yourself in your room and cry  
Just think about how when you were little, how you and I  
Back and forth to the studio, we used to drive  
You strapped in the backseat 'cause you were my  
Little sidekick, yeah, sweetie, I know this hurts  
Bean, I'm wishing your pain away  
Remember this, Hailie Jade  
There's gonna be rainy days  
I promise you'll get through 'em and make it regardless  
Fuck it, Jade, I'll be honest  
I knew that you was gonna take this the hardest  
Sweetie, get up, I know that this is breaking your heart, it's  
The hardest thing I've ever wrote (Daddy)  
Hailie, sweetheart, it's okay for you to let me go  
Baby, I promise you that when a

What's your favorite song? (Ooh)  
My favorite song (Ooh)  
Mine and your favorite song, but  
I like this part  
It's your favorite part, Dad (Ooh)

You're taping me, bitch  
I got you on tape cussin'  
Can you hear?  
Yep  
No, bitch  
No what?  
No, I said, I said, "No, bitch"  
Okay, no cussing
