

When Life Was A Miracle

Emir Kusturica The no smoking orchestra

Life it's a candy
With a red hot chilli papper
Filling inside

Life! Are you ready
You'll be a butterfly in the ultimat fight

Life treats you gently like
Virgin Mary
But then strikes back
Like Chriss Eubank

Life
It is full of surprise
Crossroad to hell
or papadise

But little did I know
Mr. Preacher man
What real life could do
And shit could hit the fan
Life is beyond peace and war
Destiny and God
I remember that time

When Life was a miracle
As if Zidane played for Liverpool

Life is a buisness
Risky and confused
God gave you a deal
That you cannot refuse

Life is a Terrorism
Globalisam Optimism
Give peace a chance
Give war romance

But little did I know
Mr. Preacher man
What real life could do
And shit could hit the fan
Life is beyond peace and war
Destiny and God
I remember that time

When Life was a miracle
And pigs might fly that was credible

But little did I know
Mr. Preacher man
What real life could do
And shit could hit the fan
Life is beyond peace and war
Destiny and God
I remember that time

When Life was a miracle
