

# On Your Way Out

Emitt Rhodes

I've never known no one with the problems that you have  
I never saw no one who could tear their mind in half  
I've never known no one who was on their way out, on their way  
out  
On their way out, out, out

How could you be so young and have cried so many tears  
How can your life be done in so many few years?  
But your life's not even begun but you're on your way out, on y  
our way out  
On your way out, out, out

How can you think that you know all that life is about?  
Some day your ignorance will show, that's the day you'll find o  
ut  
That there's no place you can go when your time has run out, yo  
ur time has run out  
You're on your way out, out
