

Where Have You Been All Of My Life

Emitt Rhodes

Where have you been all of my life?
Oh, where have you been all of my life?

Girl, assault and blow my mind but I think I will this time
And I'm gonna make you mind so I'll have you all the time

Where have you been all of my life?
Oh, where have you been all of my life?

I knew we've met some place before just where I cannot say for sure
And I will not let you go until I know what I want to know

Where have you been all of my life?
Oh, where have you been all of my life?

I have searched both up and down, couldn't find a girl like you around
And I thought I'd never find what I want but now you're almost mine

Where have you been all of my life?
Oh, where have you been all of my life?

I need someone close by my side to share the things I feel inside
My thoughts and all my hopes and dreams and you're the answer to all it seems

Where have you been all of my life?
Oh, where have you been all of my life?

One more time now
Where have you been all of my life?
