

## Lean On

Emiway Bantai

Know you got pain  
Deal with it in your own  
You'll go insane  
I wanna help move the load  
Oh, out your way  
But I can't make you, you've gotta want to  
So if you ever, feel the need to

You can call me on a late ni-night  
You can take your time  
Ya can always count on me  
If ever you don't feel alright  
You can't see the light  
I'll be that somebody  
Lean on me  
Know I'll be there to  
Lean on me  
I'll be that somebody  
Just lean on me

Tere alawa I need nobody  
Let's take a walk and leave the gaadi  
Skrrrrrr  
Tu hi party meri, after party  
Gonna lean on you coz I need somebody  
Bae ayee

Life change hua jab se tu aayi lady mere range mein  
Dil mein to pehle se basi thi, ab damage diya tune mere brain pe  
(Damage)  
Kashti ko intezaar hai kinare ka  
Pyaar karein, kyon soche hum ye zaalim zamane ka  
Public ko rehta intezaar, har mahine mere gaane ka  
Aur mere ko intezaar tha, yahan tere sahare ka

You can call me on a late ni-night  
You can take your time  
Ya can always count on me  
If ever you don't feel alright  
You can't see the light  
I'll be that somebody  
Lean on me  
Know I'll be there to  
Lean on me  
I'll be that somebody  
Just lean on me

No more bad days, now I got my fan base  
You're the one who made me smile on my sad days  
Imma lean on you, Imma lean on you

Doesn't matter wherever I be  
All you gotta do is lean on me  
When it gets too much just shout for me  
Shout for me, yeah

You can call me on a late ni-night

You can take your time  
Ya can always lean on me  
If ever you don't feel alright  
You can't see the light  
I'll be that somebody  
Lean on me  
Know I'll be there to  
Lean on me  
I'll be that somebody  
Just lean on me
