

Survive

Emiway Bantai

Chhoda main stash, hora nahi high
Hora tha low, wanna smoke pipe
Bana album without getting hype
Then I just smile, kara mai try
(That was so excite)
Baate do or die
Bana freestyle, then I go a while
Then I don't like, when I'm online
I just show I'm fine, maybe sometime

I got a big ovation then I tie, yeah, yeah
I a human Super Saiyan yeah, yeah
I was thinking I'll be fine yeah, yeah
I was really fire yeah, yeah

Back in the days, I used to think
I cannot make it, that was a lie
I used to fall but, then I survive
My dear friends this is a life
Live in reality not gonna lie
Livin' casually, but I'm a king
What do I do, I give hundred percent, dawg

She's always there in my, my mind (My, my, my)
But she wasn't really my kind (Kind, kind)
This is a game, no lifeline
This is a game, no lifeline

She's always there in my, my mind
But she wasn't really my kind, kind
This is a game, no lifeline
But you gotta put your life on line, not online
I'm tryna score whole night
I wanna no more fight
Sun is shining but it's no more light
In my life

Kara main sacrifice, they never leave me 'cause
Karta maim satisfy (Fuck, yeah!)
Bana main greedy fuck (Greedy)
So many souls in life (So many souls)
Why did I came here for? (Why?)
Since I repair my price (Repair my price)

I'm on a ride
I'm on a ride...
On a ride
I'm on a ride

I got a big ovation then I tie, yeah, yeah
I am a human Super Saiyan yeah, yeah
I was thinking I'll be fine yeah, yeah
I was really fire yeah, yeah
