

Daryn Song

Emm Gryner

Hey George you're peculiar, alive in my TV
This will put you to sleep, I have no fear
My life is simple, how do you fill your days?
Push your antics like drugs and sex and I do it just the same
Make me laugh
Forget about my day
Disturb me in your
Lo-fi teenage way
And I don't believe a word you say
I tried to turn off today
But the same time every dark day
I am wasting time on you
Boy, you're something special like the freaks I used to know
This means nothing at all but I have no fear
Just make me laugh, forget about my day
Feed me adolescent cutaways
I don't believe a word you say
I tried to turn you off today
But the same time every dark day
Im wasting all my time on
Im wasting all my time on
Im wasting all my time on you.
