

## Heartsleeves

Emm Gryner

Take all of your tears and make  
A great lake that'll freeze in winter  
I've counted all the days that we've spent  
I think I've denied you are my sister  
I've been out of touch in my glory  
I've been packing every day  
Heartsleeves  
The joy's long gone  
But I try to see  
Where it all went wrong  
Don't stop wearing it all on your sleeve  
Don't stop 'cause of me  
Take all of these years that I spent  
The sideman blues in a grave  
I swear all that won't be my legacy  
Leaving you for New York state  
I was in a rush to write a story  
I was packing every day.
