You Do Something to Me

Emm Gryner

You do something to me
Something deep inside
I'm hanging on the wire
For a love I'll never find

You do something wonderful
Then chase it all away
Mixing my emotions
That throws me back again

Hanging on the wire
I'm waiting for the change
I'm dancing through the fir
Just to catch a flame
An' feel real again

You do something to me
Somewhere deep inside
I'm hoping to get close
To a peace I cannot find

Dancing through the fire
Just to catch a flame
Just to get close t
Just close enough
To tell you that

You do something to me
Something deep inside
