

Nothing Arrived

Emma Bale

Savanna scatters
And the seabird sings
So why should we fear
What travel brings?
What we're we hoping
To get out of this?
Some kind of momentary bliss?
I waited for something
And something died
So I waited for nothing
And nothing arrived
It's our dearest ally
It's our closest friend
It's our darkest blackout
It's our final end
My dear sweet nothing
Lets start a new
From here on in it's
Just me and you
I waited for something
And something died
So I waited for nothing
And nothing arrived
Well, I guess it's over
I guess it's begun
It's a losers table
But we've already won
It's a final battle
It's a constant game
I guess I was busy when nothing came
I guess I was busy
I guess I was busy
I was busy
I was busy
