Emma Blackery

Come here girl, I'll take the lead
Don't know you, you don't know me
Bump it on the count of three
Live your greatest fantasy

Come here girl, I'll take the lead
Don't know you, you don't know me
Bump it on the count of three
Live your greatest fantasy

All night, stuck in my own doom
So sick of crying in the bathroom
Just need to get the fuck out of here
(Yeah, yeah, yeah)

Sad vibes are so contagious
This shit is fucking outrageous
Got to remember who I am
Who I am

Yeah, I think I've turned it back around
(Back around)
So dry those tears and let's keep it rolling

Sad vibes are so contagious
This shit is fucking outrageous
So down, so down
The fuck it era starts now

Come here girl, I'll take the lead
Don't know you, you don't know me
Bump it on the count of three
Live your greatest fantasy

Come here girl, I'll take the lead
Don't know you, you don't know me
Bump it on the count of three
Live your greatest fantasy

Red-eyed tears from a distance
This calls for sister assistance
Grab your girls
Yeah, now she rides with us

Sad vibes are so contagious
That's why we're off of our faces
Let's get one more over here
And we don't stop until she's saying

"Yeah, I think I've turned it back around"
(Back around)
So dry those tears and let's keep it rolling

Sad vibes are so contagious
This shit is fucking outrageous
So down, so down
The fuck it era starts now

Come here girl, I'll take the lead
Don't know you, you don't know me
Bump it on the count of three
Live your greatest fantasy

Come here girl, I'll take the lead
Don't know you, you don't know me
Bump it on the count of three
Live your greatest fantasy

Come here girl, I'll take the lead
Don't know you, you don't know me
Bump it on the count of three
Live your greatest fantasy

Come here girl, I'll take the lead
Don't know you, you don't know me
Bump it on the count of three
Live your greatest fantasy

Come here girl, I'll take the lead
Don't know you, you don't know me
Bump it on the count of three
Live your greatest fantasy

Come here girl, I'll take the lead
Don't know you, you don't know me
Bump it on the count of three
Live your greatest fantasy
