

Something So Beautiful

Emma Bunton

All the simple things you say (never gone away)
Take all my breath away
So why I come back to stay
All the little things you do (just like I always knew)
keeps me running back to you
Cause I belong with you
There is something that's quite beautiful
Found what I've been looking for
Like the sunshine it's so wonderful
In my heart I'm feeling something that's so beautiful
Something so beautiful

This is the place where I can lay (now I'm home to stay)
Puts a smile upon my face
Keeps me warm and safe
Time is proof that we're not wrong (always been so strong)
I never feel like I was gone
I'm back where I belong
There is something that's quite beautiful
Found what I've been looking for
Like the sunshine it's so wonderful
In my heart I'm feeling something that's so beautiful
Something so beautiful
Something so...

There is something that's quite beautiful
Found what I've been looking for
Like the sunshine it's so wonderful
In my heart I'm feeling something that's so beautiful
Something so beautiful
