

Everything Will Be Fine

Emma Louise

Sleep on
You sit still
Play with myself
Always
Come undone
We're not to
Be alone

Everything will be fine
Everything will be fine
Everything will be fine
Everything will be

He's got the money
I'll bring some sangria
Look over the islands, again
Touch the air between us

Everything will be fine
Everything will be fine
Everything will be fine

And they are not my thoughts
I'm in a cinema
They are not my thoughts
I'm in a cinema
They are not my thoughts
I'm in a cinema

Everything will be okay (fine)
Everything will be fine
Everything will be fine
Everything will be fine
