

Wish You Well

Emma Louise

There she is
Perfectly framed by the woods she painted green
With the help of those hands of his
Oh, oh, oh
And there she dreams
Dreaming all the dreams that I used dream
Oh, oh, oh

Oh but prove yourself
No you couldn't have moved on this well
Lie to me
Say there's still some place we can meet
But if not

I wish you well
Oh, I wish you well
Oh, I wish you well
Oh, I wish you well
Oh, I wish you well
Oh, oh, oh

There he is
Playing in his band now just for kicks
And I shuffle my way up to the front row
Standing still
I can see him singing with his eyes closed
I hope you keep singing with your eyes closed
Oh, oh, oh

Oh but prove yourself
No you couldn't have moved on this well
Lie to me
Say that there's still some place we can meet
But if not

I wish you well
Oh, I wish you well
Oh, I wish you well
Oh, I wish you well
Oh, I wish you well
Oh, I wish you well

Even though my heart is breaking
Oh even though my heart is breaking
Oh even though my heart breaks
I wish you well
Oh, oh, oh
Oh, oh, oh
