

What I've Done

Emma Smetana

Waterfalls
Earthquakes
(No)
They don't bother me
I can take more
If it gotta be done
You know I don't ask
(For what you offer me)
What we need
It's been here all along
If you followed me down
I was working like a dog 25/7/12
To bring it home
For you
Gimme a sign
Tell me where you are

They laugh at me for what I've done
You gave me your word
And I gave you my heart
They laugh at me for what I've done
You gave me your word
And I gave you my heart

My mother's lies
My angers
(No)
They don't bother me
I can take it all
If it gotta be done
You know I don't ask
For what you offer me
What we need
Has been here all along if you followed me down
