

HEART INTO DRIVE

Emma Steinbakken

Hey, haven't felt like this in quite some time, a while
It's what you do to me
Got me losing my mind, I'm on a high, I'm so high

I go slow, I'm a no show kind of pace
But that just goes to show that I lost all my breaks

Baby, put my heart into drive, let's drive 'cause
I'm not looking back
You can put my rubber on fire, my tires they never stood a chance
But I don't wanna steer off track
Hit the burn and crash
Without you, you
Baby, put my heart into drive, let's drive 'cause
I'm not looking, I'm not looking back
Ah, ah
I'm not looking back
Ah, ah
I'm not looking back

Hey, have your eyes on the road, let's go for broke, more smoke
It's getting kinda late
I wanna go for the love with the nearest coast, so go

I go slow, I'm a no show kind of pace
But that just goes to show that I lost all my breaks

Baby, put my heart into drive, let's drive 'cause
I'm not looking back
You can put my rubber on fire, my tires they never stood a chance
But I don't wanna steer off track
Hit the burn and crash
Without you, you
Baby, put my heart into drive, let's drive 'cause
I'm not looking, I'm not looking back
Ah, ah
I'm not looking back
Ah, ah
I'm not looking back

Baby, put my heart into drive, let's drive 'cause
I'm not looking back
You can put my rubber on fire, my tires they never stood a chance
But I don't wanna steer off track
Hit the burn and crash
Without you, you
Baby, put my heart into drive, let's drive 'cause
I'm not looking, I'm not looking back
