

Rainmaker

Emmelie de Forest

Weh ah, we oh we oh we ah
Weh oh we oh weh ah
Weh oh weh oh weh

This land, abandoned and dried out
Listen, no one hears you shout
In my hand the seed of love and life
But in this land it withers and it dies

Over the mountains
Higher
Where would you find us?
Higher
Over the mountains
Higher
Where would you find us?

Oh, I hear
Hear the echo of your drums
It's in your hands
Let the rain dance
I feel
Feel the power of your song
It's in your call
Let the rain fall

Make it rain, make it rain
Rainmaker, oh-oh, oh-oh (2x)

One love carried by the wind
One love glowing on our skin
Join us when the sun is high
It only takes one love
To open up the sky

Over the mountains
Higher
Where would you find us?
Higher
Over the mountains
Higher
Where would you find us?

Oh, I hear
Hear the echo of your drums
It's in your hands
Let the rain dance
Oh, I feel
Feel the power of your song
It's in your call
Let the rain fall

Make it rain, make it rain
Rainmaker, oh-oh, oh-oh (2x)

Weh ah, we oh we oh we ah
Weh oh we oh weh ah

Weh oh weh oh weh (2x)

Oh, I hear
Hear the echo of your drums
It's in your hands
Let the rain dance
Oh, I feel
Feel the power of your song
It's in your call
Let the rain fall (2x)

Make it rain, make it rain
Rainmaker, oh-oh, oh-oh (4x)
