

# Aura

Emmy Meli

Know my worth, ain't a man, on my money  
Every day that I wake up, sky feels sunny  
And I love my hips, my tits, my tummy  
'Cause I'm holy, growin', yes, just how I want it

I can tell I'm just thrivin'  
Top down, on my lap, drivin'  
Twenty too and I'm slidin'  
Now I got them all

Blinded my aura, oh, yeah  
I get scared to show ya who I am  
Stackin' up my comma 'cause I can  
Blinded my aura, my aura  
Oh, yeah

Uh-huh, yeah  
So, look  
I went and took an aura picture the other day (Uh-huh)  
It came out cloudy and a really ugly shade of green (Mhm)  
The lady said it was some energy standin' in my way  
I blocked your number, took another, and what do you say? (Yeah)  
It came out glowy because I know me (Uh, uh)  
So tell ya homies baby's back and she just started showin' (Uh)  
People take a seat, might need change just to peep a kid (PEep a kid)  
Ain't gotta look at you to see you was

Blinded my aura, oh, yeah  
I get scared to show ya who I am (Show ya who I am)  
Stackin' up my comma 'cause I can  
Blinded my aura, my aura (Ooh, ooh)  
Oh, yeah

It glows, it's bright  
I'm not your blessin' or eyes  
It's sweet, it's nice  
That's just the way that I shine  
It glows, it's bright  
I'm not your blessin' or eyes  
It's sweet, it's nice (This is nice)  
That's just the way that I shine

I can tell I'm just thrivin'  
Top down, on my lap, drivin'  
Twenty too and I'm slidin'  
Now I got them all

Blinded my aura, oh, yeah  
I get scared to show ya who I am  
Stackin' up my comma 'cause I can  
Blinded my aura, my aura
