

## Bluebird Wine

Emmylou Harris

Baby brought me in out off the highway  
Made me put my money in the bank, bank  
Straightened out my crooked way of thinking  
Made it purely pleasure when I drank

And it's all right  
I've just hit my stride  
Right off the bat  
Lord, I'm drunk on bluebird wine

Baby taught me a diff'rent way of thinkin'  
Like how to spend my evenings here at home  
List'ning to the music on the radio  
Drinking all the bluebird we can hold

And it's all right  
I've just hit my stride  
Right off the bat  
Lord, I'm drunk on bluebird wine

Baby says he'd really love a party  
We'll get some friends together feelin' fine  
Any friend of mine is worth his habit  
A belly full of baby's bluebird wine

And it's all right  
I've just hit my stride  
Right off the bat  
Lord, I'm drunk on bluebird wine
