

## Snake Song

Emmylou Harris

You can't hold me  
I'm too slippery  
I do no sleepin'  
I get lonely

You can touch me  
If you want to  
I got poison  
I just might bite you

Lie in circles  
On the sunlight  
Shine like diamonds  
On a dark night

Ain't no mercy  
In my smilin'  
Only fangs and  
Sweet beguiling

Future, he don't  
Try to find me  
Skin I been through  
Dies behind me

Solid hollow  
Wrapped in hatred  
Not a drop of  
Venom wasted

You can slip in  
Try to find me  
Hold your breath and  
Flat deny me

It makes no difference  
To my thinkin'  
I'll be here when  
You start sinkin'
