Emotional Oranges

I'm done pacing
I'm not chasing
I know you're the one for me
And I'm okay with
I'll be patient
Just take as much time as you need

That's my girl, she back it up
That's my homie, she back it up
Ask all the ones who acted up
They wasn't ready, now I'm ready

And my body keeps saying it's yours
It's yours
And my body keeps saying it's yours
I need more

In this moment in time, I'm so frozen
Feel the warmth of your touch through my veins
No more pain from my past to hold on to
Me and you we're so connected, you affect me

I don't even trip just a little
Got me caught up just a little
Ain't been the same since I got out my way
Now I'm all in my feelings

And my body keeps saying it's yours
It's yours
And my body keeps saying it's yours
I need more
