

Flagrant AF

Emotional Oranges

You and me, feel real
So connected, without slippin' a tab or pill
We gettin' outta here
You and me, feel real
So connected, without slippin' a tab or pill
We gettin' outta here

She wants no labels, I guess that's alright
I turned the tables, she burning my line
Saying I changed up, well, maybe you right
Mama, you able, stop playing both sides

Outrageous
Ol girl, really my favorite
Always tryna be famous
You flagrant as fuck, flagrant as fuck, flagrant as fuck

Outrageous
Ol girl, really my favorite
Always tryna be famous
You flagrant as fuck, flagrant as fuck, flagrant as fuck

Out my mind, outta sight
Out my mind, outta sight
Out my mind, outta sight
Out my mind, outta sight
Out my mind, outta sight
Out my mind, outta sight
Out my mind, outta sight
Out my mind, outta sight

Halfway here but I'm halfway gone
Ain't even break a sweat, caught me in between my flows
Promising the world, sounds like too much conversation
Why's it always feel like they overcompensating

My needs are really black and white
And I don't really need to compromise
Having wet dreams, I deny them on the daily
Everything you sayin' is outdated, already

Outrageous
Ol girl, really my favorite
Always tryna be famous
You flagrant as fuck, flagrant as fuck, flagrant as fuck

Outrageous
Ol girl, really my favorite
Always tryna be famous
You flagrant as fuck, flagrant as fuck, flagrant as fuck

Out my mind, outta sight
Out my mind, outta sight
Out my mind, outta sight
Out my mind, outta sight
Out my mind, outta sight
Out my mind, outta sight

Out my mind, outta sight
Out my mind, outta sight
