

Main Squeeze

Emotional Oranges

Now I'm on the highway
To your place
Said you kinda lonely
Lately

Back to back, I'm fucked up now
Need someone to work me out
Tie me up, I might settle down
Tell me, can you handle it?

They tryna blow me up like TNT
But when it's me and you, it's DND
Your face card's giving TV screen
Are you tryn' be my main squeeze?

They tryna blow me up like TNT
But when it's me and you, it's DND
Your face card's giving TV screen
Are you tryn' be my main squeeze?

Salivate for seconds, baby
You know how to turn those pages
Both my lips are craving
That's just what I came for

Back to back, I'm fucked up now
Need someone to work me out
Tie me up, I might settle down
Tell me, can you handle it?

They tryna blow me up like TNT
But when it's me and you, it's DND
Your face card's giving TV screen
Are you tryn' be my main squeeze?

They tryna blow me up like TNT
But when it's me and you, it's DND
Your face card's giving TV screen
Are you tryn' be my main squeeze

I-I-I, I like the way you beg for more
Kick in the door
Get what you want
I-I-I
I-I-I, I like the way you beg for more
Down on all fours
You know what it's hitting for

Main squeeze, main squeeze, main squeeze
Main squeeze
Main squeeze, main squeeze, main squeeze
Main squeeze
