

# Nowhere

Emotional Oranges

I ain't going nowhere  
I ain't going nowhere  
I know the stars are falling  
The moon's exploding  
But what's important  
Is I ain't going nowhere

Her mind is a blank space  
When it's made up it's hard to change  
Hurricanes on the bad day  
I wanna make this work  
So give a nigga one shot  
Don't even need too much  
Don't stop till the suns up  
I wanna make this work  
Thinking that our world has changed  
Touchin on your body under acid rain  
Flames even though the world's burning  
Ima be here

And I ain't going nowhere  
I ain't going nowhere  
I know the stars are falling  
The moon's exploding  
But what's important  
Is I ain't going nowhere  
I ain't going nowhere  
I know the oceans dried up  
And then she cries out  
But I'm on your side now  
And I ain't going nowhere

All them on the side is done  
You the only one that make me bite my tongue  
Sabotage a good thing way more times than once  
How come it's like all my life I've run  
Deflecting love little low looking back missing home  
Look within heal myself  
You and I was infinite  
I wanna make this work  
Thinking that the world has changed  
Touchin on your body under acid rain  
Flames even though the world's burning  
Ima be here

And I ain't going nowhere  
I ain't going nowhere  
I know the stars are falling  
The moon's exploding  
But what's important  
Is I ain't going nowhere  
I ain't going nowhere  
I know the oceans dried up  
And then she cries out  
But I'm on your side now  
And I ain't going nowhere
