

Hell to Pay

Emphatic

Deep inside

Of my mind the visions of you

Twisted sick, hollow, and empty

All my life

You had the upper hand and you're guilty of taking everything you can from me!

Well there'll be Hell to Pay

For what you've done to me. (2x)

For what you've done to me!

For what you've done to me!

For what you've done to me!

Me, myself (Myself)

I am going to get my revenge for every time that you have killed me!

Die tonight

My innocence gone, but I am breathing!

Cutting your throat is all I am seeing!

Well there'll be Hell to Pay

For What you've done to me

Well there'll be Hell to Pay (To Pay)

This is your darkest night

Well there'll be Hell to Pay-yeh-hey-yeah

For what you've done to me

To me-ay-yeah

Well there'll be Hell to Pay

To Pay

For what you've done to me!

To me!

To me!

To me!

To me! (Follow relationship)

To me! (Follow relationship)

To me! (Follow relationship)

To me! (Follow relationship)

Well there'll be Hell to Pay (To Pay)

For what you've done to me (To me)

Well there'll be Hell to Pay (To pay)

This is your darkest night

Well there'll be Hell to Pay-yeh-eey-eh

For what you've done to me

To me-ay-yeah

Well there'll be Hell to Pay

To Pay

For what you've done to me!

To me!

To me!

To me!
